Sheryle,
Sheryl,
Sheryl.

You are one of the people that I have a hard time writing to because you're special to me and I don't want to say the regular stuff. So I will write some memories that I will always have:

1. Brett's dismissal or your resignation
2. little boys that drop pens to get a view
3. our great orienteering (direction finding) that got us to Agnes Risley
4. and the many fun times riding to Dilworth & Florence Drake.

I'll miss you

COUNSELORS

Bev Eagen

In November of this year, Mrs. Svare was named Counselor of the Year at the annual NPGA banquet. She was chosen for this award by letters of recommendation from other counselors. Mrs. Svare has taught for 29 years and has been a counselor for 15 years. Her peers think very highly of her!

"Mrs. Svare is a most sensitive and effective counselor," says Mr. Lewandowski, a counselor at Reed High.

"She is the most giving person I have ever known. We are very fortunate students, staff, administration and friends to have her here at Reed," says Mr. Fark, another counselor at Reed.

Thanks, Mrs. Svare, for being here at Reed!

PERSPECTIVES: a focus on . . .

The faculty of Reed HIgh School is an exceptionally hard working group of teachers. The yearbook staff has devoted this page to six of our outstanding teachers. Whether it is an assigned or voluntary duty these teachers are always willing to help each individual become the best he possibly can.

Mr. Lemus — Business

A very dedicated man who puts everything into whatever he attempts to do. His belief that "young people can and will learn if given the opportunity," is the reason for his excellence in teaching. "To see children grow physically, mentally and emotionally" is the most rewarding achievement for Mr. Lemus. His devotion speaks for itself.

Mr. Anderson — Science Department

From biology to girls' basketball, Mr. Anderson "attempts to provide an environment wherein each student can increase in worth and goodness." He takes a special interest in sharing with his students in their "humor, warmth, and intelligence."

Mr. Crook — Physical Education

Mr. Crook is a very unique teacher. He seems to relate to his students very well and has great enthusiasm in athletics. Mr. Crook has a mind of his own and has the greatest ability to relate to the students at their level.

Mrs. Anderson — English Department

Mrs. Anderson is a very determined teacher. She spends much of her time publishing Reed High's, La Fuente, which is one of the best high school papers in the state. She also has her regular English classes which are very interesting and varied — from Senior English to Film Experience.

Mrs. Edmonson — Social Studies

Mrs. Edmonson is a very enthusiastic teacher who "shows true interest in her students as well as the subjects she teaches. She also possesses a life-sustaining sense of humor" which keeps the students constantly interested. "The sense of excitement and participation in activities with young people" has been most rewarding for Mrs. Edmonson throughout her years of teaching.

Mr. Horlacher — Social Studies

Entering the world of history you find many boring avenues which lead to nowhere in the eyes of the students. Mr. Horlacher seems to give these avenues direction. From the first explorers leading up to the Donner Party, he adds thrills and chills to all topics in the class. He feels that in order to do the job right, "you have to like what you are doing and be prepared to do it!" He wants students to "feel history as well as learn it."

Sheryl, (Stinky)
And ya are a stinker. You were my best friend during cheer. And in many ways you still are. Hey, kid one more year, let's make the best of it! I'm still upset cuz you didn't try out, but to each her own. But I'm gonna miss ya not being there beside me cheering. You're the only person I really

got along with. What else can I say, I love ya kid! I wish it was grad this year, cuz as you know it can't handle the problems I ran into here at this side place. But... Sheryl, me & ya both got great things out of school, Brett'd Tracy I know for a fact you & Brett still love each other & will get back together. Well I guess I'll be rattled on long enough!
I love ya Stinky! Jamie

P.S. Call me & we'll go to the lake! Promise?!?

'79

This year's varsity football team started off as just a group of guys eager to play football. Each had his own idea of how the game was played, and played his own way. The team had to learn to play together as a unit. This took many weeks of hard practice and discipline.

With the coming of a new coach the team's morale was high, every one was anticipating the beginning of a great season . . .

"Success isn't always measured by wins. This is very true of this year's J.V. team. Talent wise we were not as capable and deep as most teams. Desire and spirit were the strong points. On a J.V. level those two assets will turn a fair athlete into a much improved varsity team player."

Coach Phenix

Cheryle,
You really sucked this year.
I hope you have a great summer and I see you next year.

Harold

Freshman

This year's Freshman team is a pool of talent from which an undoubtable winning Varsity team will emerge. This talent is brought out in fine performances against Loyalton, Sparks and Wooster.

An example of this team's unity was shown at the sports banquet where there was a 100% turnout of these fine athletes. We all should be looking forward to a Raider team to be proud of.

Tennis

Boys' Winners . . .

Entering the 1978 tennis season each player was filled with dreams of being a champion. The team took off like a rocket but was shocked early in the year by a surprising loss to Carson by one point! All was not lost until another painful loss to Reno by a single point. Although their dreams were slowly falling from their grasp, they earned the respect and admiration of the entire school.

Mr. Nagel sums it up by saying "it was a fun year."

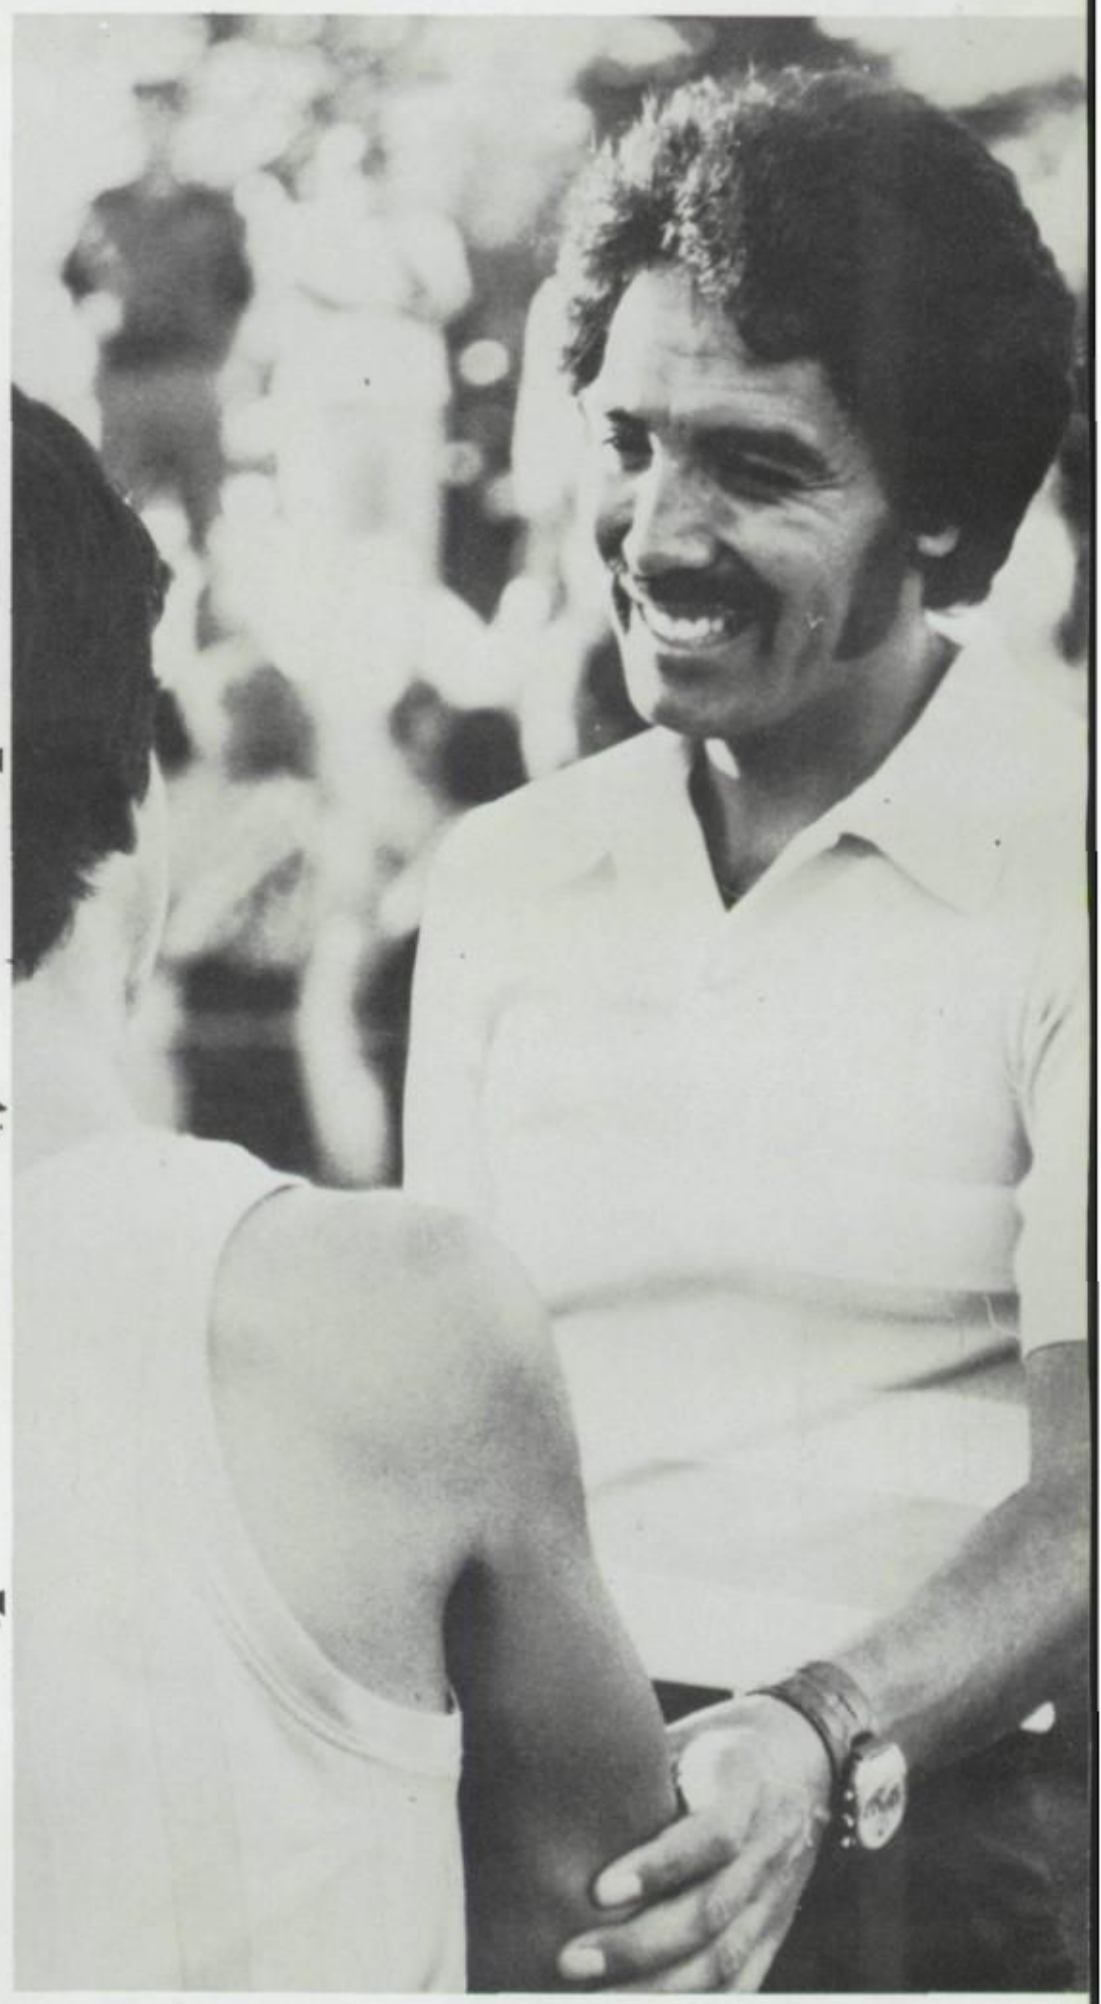
Boys' Cross Country

▼1 ▲2

This years Cross Country team's hard work didn't pay off. With a 1 and 5 record the team was a definite underdog going into the Zone meet. Andrey Gonzalez was one bright boy for the team with a 7th place finish in Zone. Another up and coming Reed star is freshman Steve Leach.

Coach Lemus feels the talent of his runners was not shown in their record, because of a "lack of purpose" the team had no grasp of the goals they could have reached.



1 — KEITH CAMPBELL, KEVIN WELLS, ANDRES GONZALEZ, STEVE LEACH, BOB BENTON, JOE DOSER. 2 — Bob Benton, running home after a long one . . . 3 — Steve Leach and Joe Doser pushing it home. 4 — A concerned coach (Frank Lemus). 5 — The beginning of the long run.

the Fake . . .

the Team . . .

Dribbling, faking and shooting are skills any individual can achieve if she has the stamina to withstand long, grueling practices and a true love for the game of Basketball.

These qualities were evident each time a member of this year's Girls' Varsity Basketball team made a tough shot or grabbed a key rebound.

The season ended for the girls in a heart breaking double overtime loss in the opening round of the State tournament. This was the best showing by any team from the north.

Girls' Jay Vee Basketball

The premiere of our girls' J.V. basketball team made their season a successful one with an exceptional overall record of 7-3. The new addition to the sport of basketball at Reed High proved to be extra exciting with stiff competition provided by all other participating schools. With all the girls working together, they produced a first rate team. The team voted Wendi Meyer as most valuable player, Kellie George as showing the most inspiration, Linda Ferrick as best on defense and Susan Shopper as the most improved member. These fine J.V. athletes are sure to be contributors in future Varsity play.

This year's rifle teams have received very little attention from our school even though they are nationally ranked with individuals such as Diane Reynolds and Mike Schrier who were ranked 1st and 10th respectfully. As members of Reed High we are proud of the hard working boys and girls of this year's rifle teams. There has only been one letdown throughout the entire year when the boys' team was defeated by Reno. Good job and good shooting!

Girls' Tennis

The combined effort of the entire Girls' Tennis Team led to a very successful season.

The year was dotted with close matches with the majority of the matches being won by the Reed girls. This great season was culminated by a fine performance of Kim Garcia, Michelle Caruso, and Lavita Wai at the State meet.

Congratulations to this team for showing such a fine performance.

The dedication it takes to be a top caliber cross country team was displayed in the girls' team. They had something going for them and they knew it. That *something* was *unity*.

They tried as much for themselves as they did for each other. This gave them a 3 and 2 victory a 2nd place at zone and also a 3rd at state.

One purpose for sports in school is so students can find common interests and form goals, to become a better individual.

The 1978-79 Reed basketball squad is a tribute to the entire attitude displayed by the student body. As the opposing team enters "Raider Territory," they are found with not only an overly excited crowd, but a well rounded team who at any time can run away with another commanding win. This year's team has been ranked number one in the state for longer than any other Northern AAA team since Carson's State Championship effort in 1975. This year's team has carried on a tradition of fine basketball play.

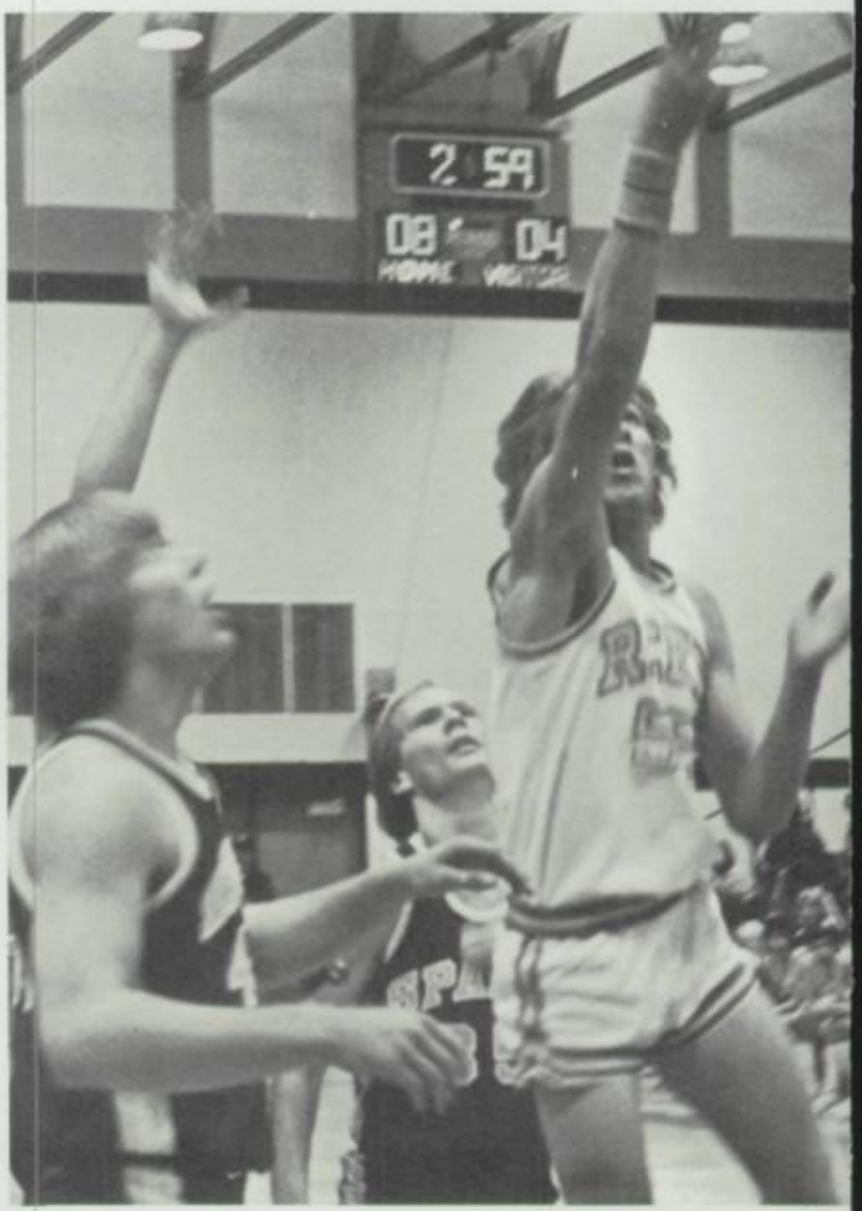
RAIDERS TEACH SOUTH A

LESSON . . .

"California oranges,
Texas Cactus;
The south plays the north
just for practice."
Las Vegas Sun

After a disappointing 3rd place finish in zone, this year's Raiders shocked Southern Nevada with their first round victory over the Rancho Rams (56-55). Soon the excitement wore off and Reed found themselves in the semi-finals game against Las Vegas High School and, with a cool hand, the Raiders shot down the Wild Cats (61-55) demonstrating to all that the South doesn't play the North just for Practice. The tired Raiders went into the State finals against Gorman. Even though they fell short (55-50) of bringing the first State title ever from the South, they did the impossible by breaking the unwritten law of Southern dominance. Mike Biancone and Brent Roger were named to the first string all-tournament team, with Brent being the runner-up top player in the tournament.



(Well I never did
I could've never said

A Junior Varsity team is supposed to be inexperienced and make a lot of mistakes. This fact has been contradicted by the play of the fine athletes on our J.V. team. With their strong offensive push and an aggressive defense, the team came out with a very successful season.

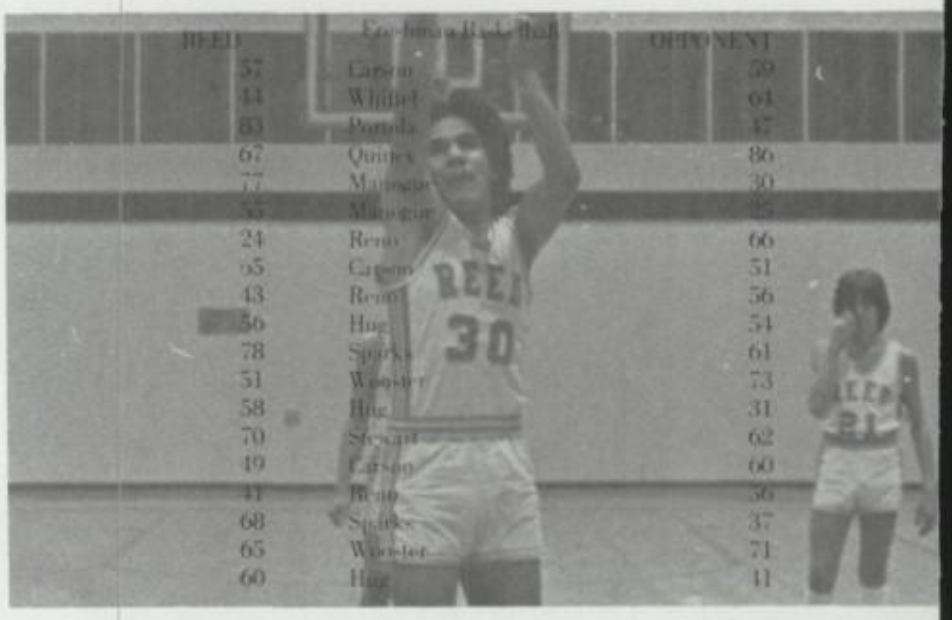
Freshman Basketball



This year's freshman basketball team, with their hard work and effort, showed signs of great improvement and even greater signs of determination. All members of the team, no matter how inexperienced they might have been, now have future hopes of being members of the varsity team.

Freshman Basketball

Varsity Wrestling

The wrestling team had a fantastic year compared to the past four. They won the Winnemucca Invitational championship, and placed third at the Douglas Invitational, missing second place by one point. The team has always placed in the top three at the other invitational matches. In the past four years, they had never won a duel match. This year they won 5 and lost 5, showing that the team is truly of varsity caliber. They also placed second in zone and seventh in State. The Varsity wrestling team has displayed the stamina which has built Reed High and the team worked very hard for our school. Of special note, Bill Leveille and Bill Frisbie are Reed High's first zone champions! These two men showed dedication and spirit for the sport of wrestling and team effort. At the State tournament, Bill Leveille placed 2nd which is the best that any Reed wrestler has ever accomplished. Of the seven men qualifying for State, four received state medals. We are proud to say, we're behind the wrestling team all the way.

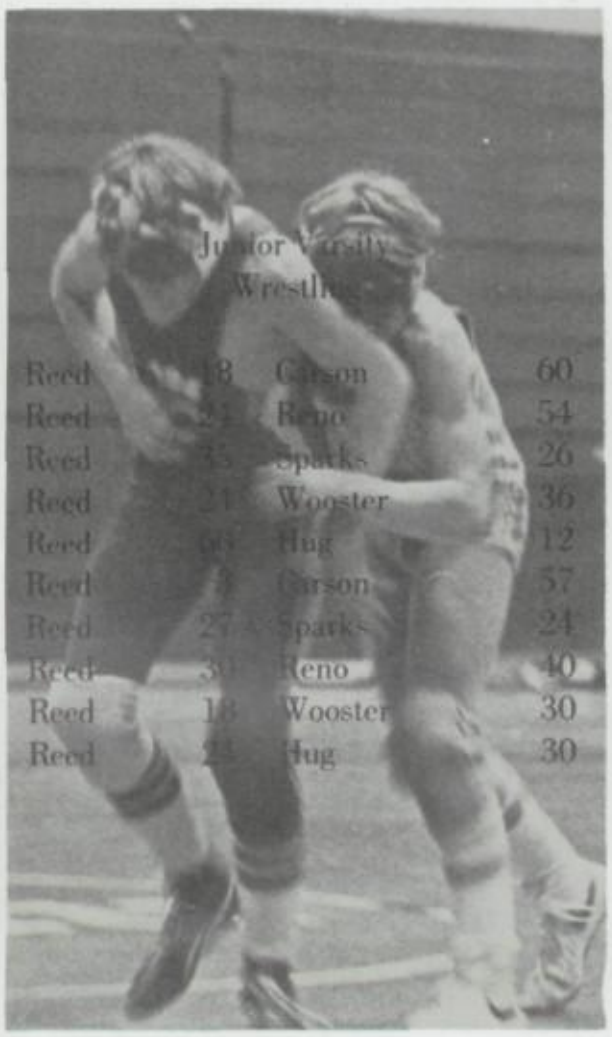
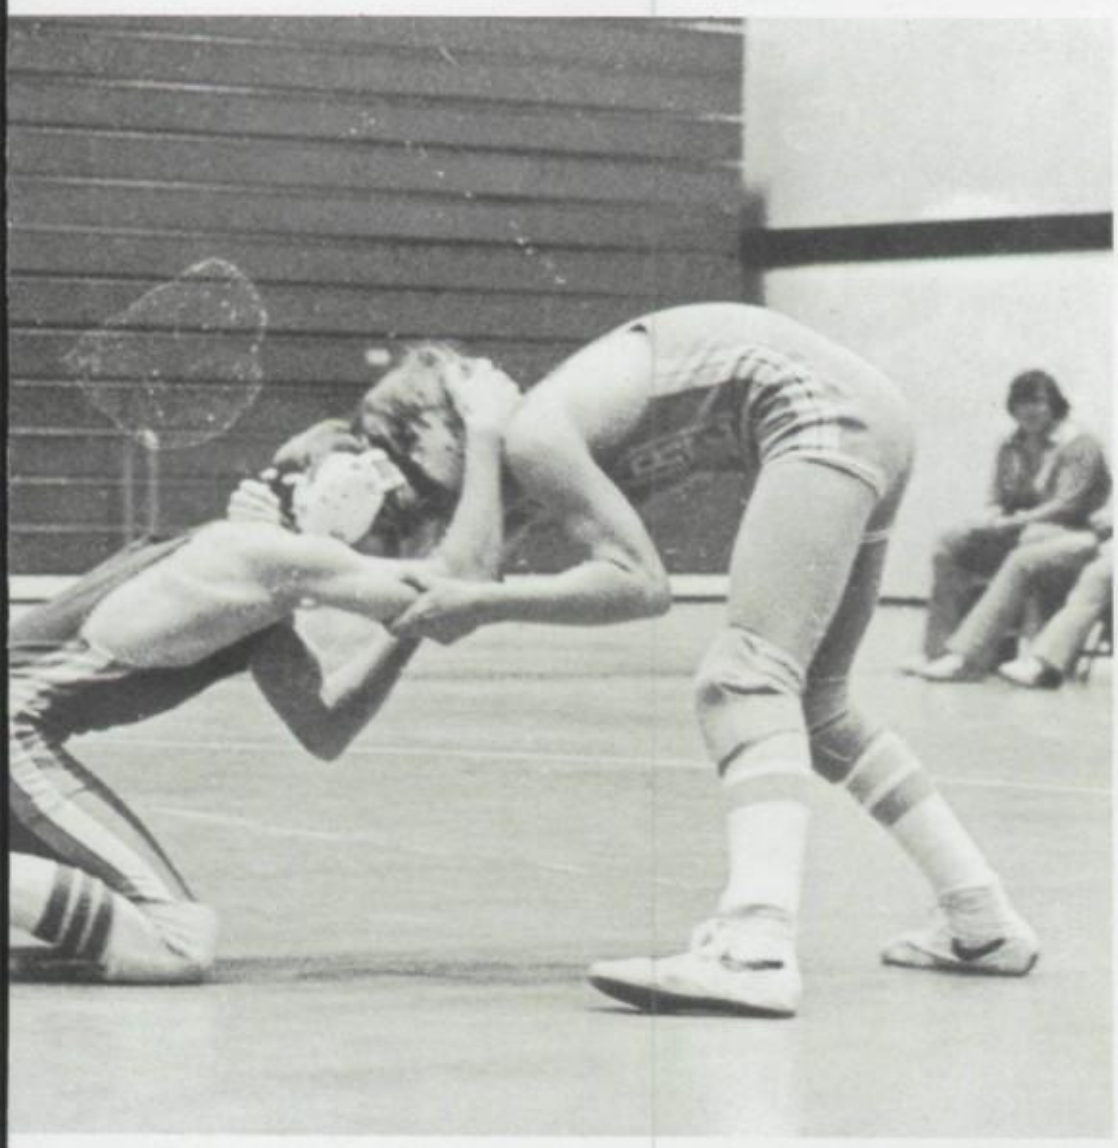
Jay Vee



A great group of strong men; that's the only way to describe our J.V. wrestling team. These guys put in many hours of strenuous weight lifting and gave up their lunch to run. These brute men of our school have pinned down victories that have in years past eluded them.



Ski Team

This year's ski team had a very enjoyable season. The boys were rated number one, while the girls were ranked third. A large diversity of experience was apparent on the boys' team. The girls, on the other hand, are still developing their program. This year was the first year of competition for many of the girls. Overall, the season has been a great success.

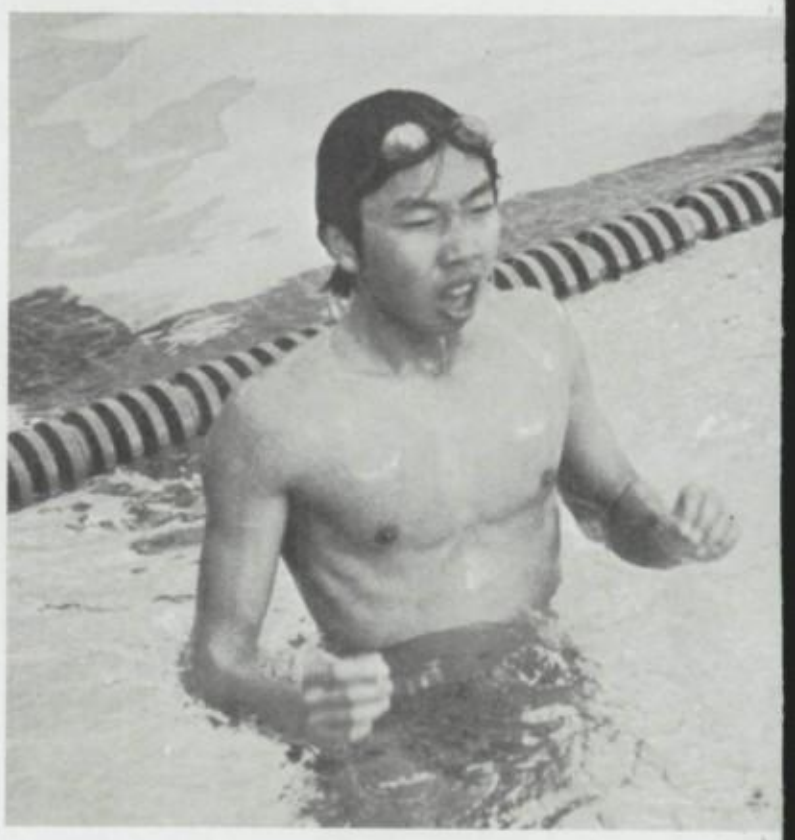
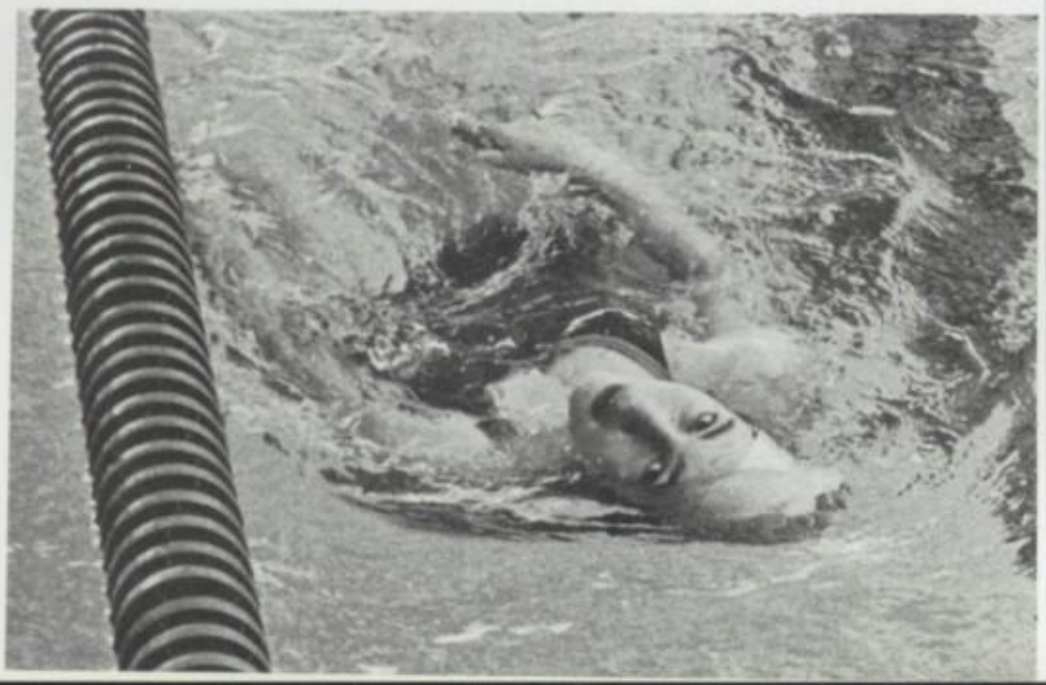
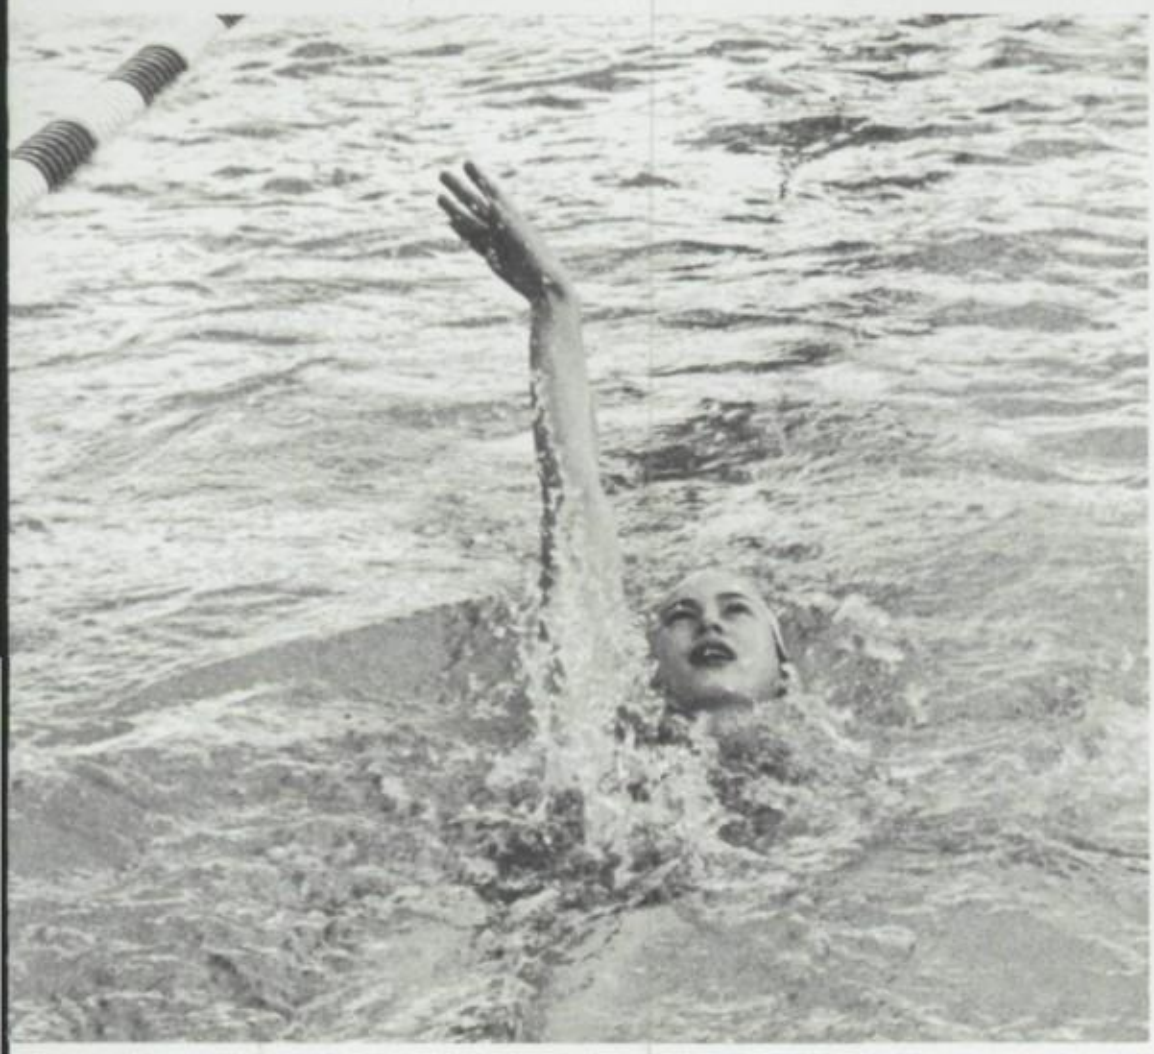
Swim Team







With a young, growing sport such as swimming, it is hard to get much fan support. Even though, our Raider athletes kept on working hard and becoming the best they could be. A fine example of this was the 3rd place finish for Dale Grimes in the county Pentathalon. Our team is small but strong.

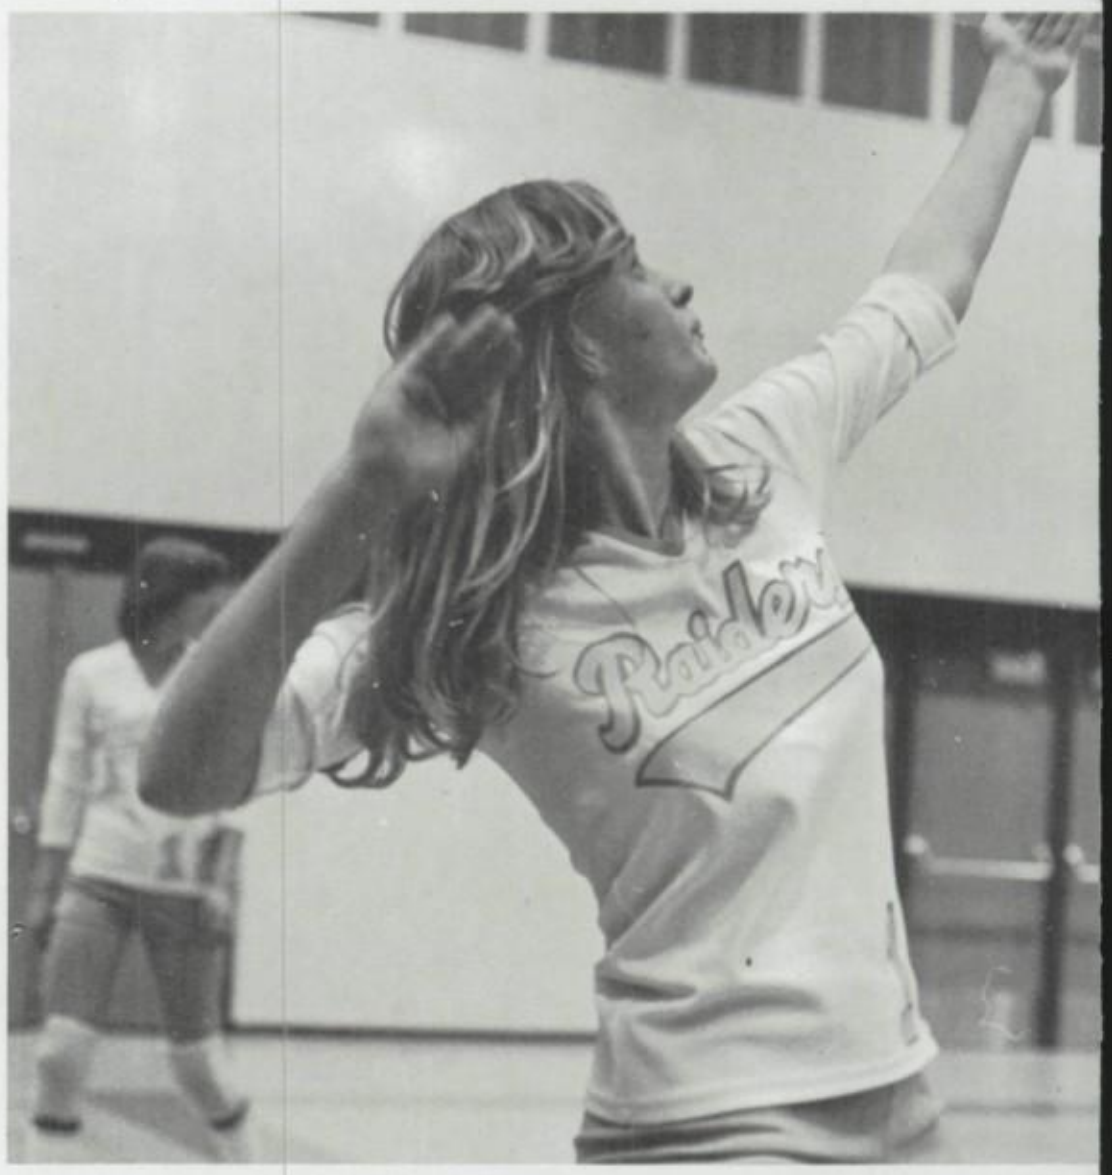
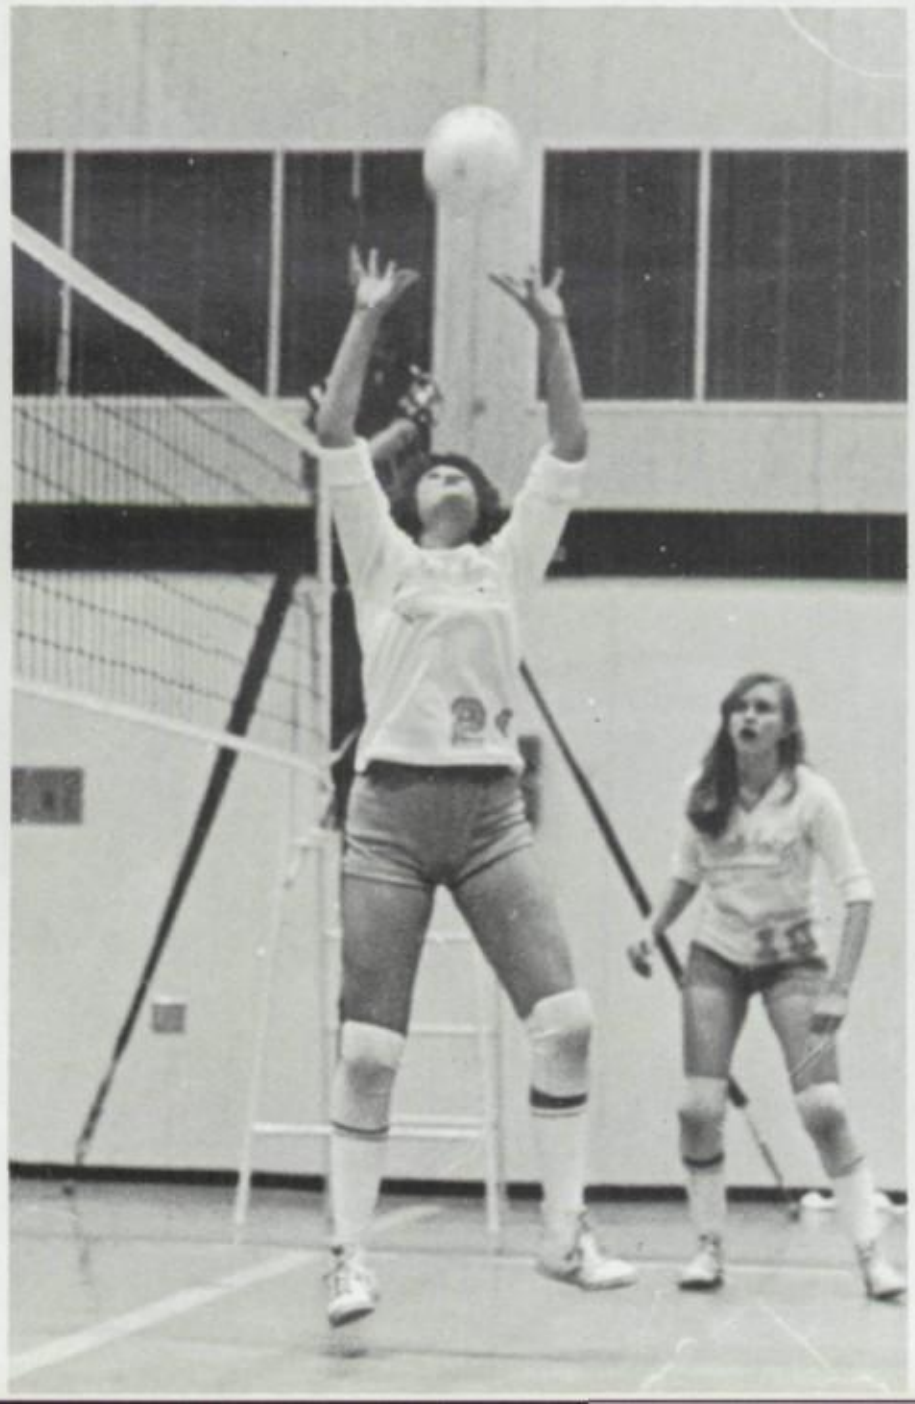
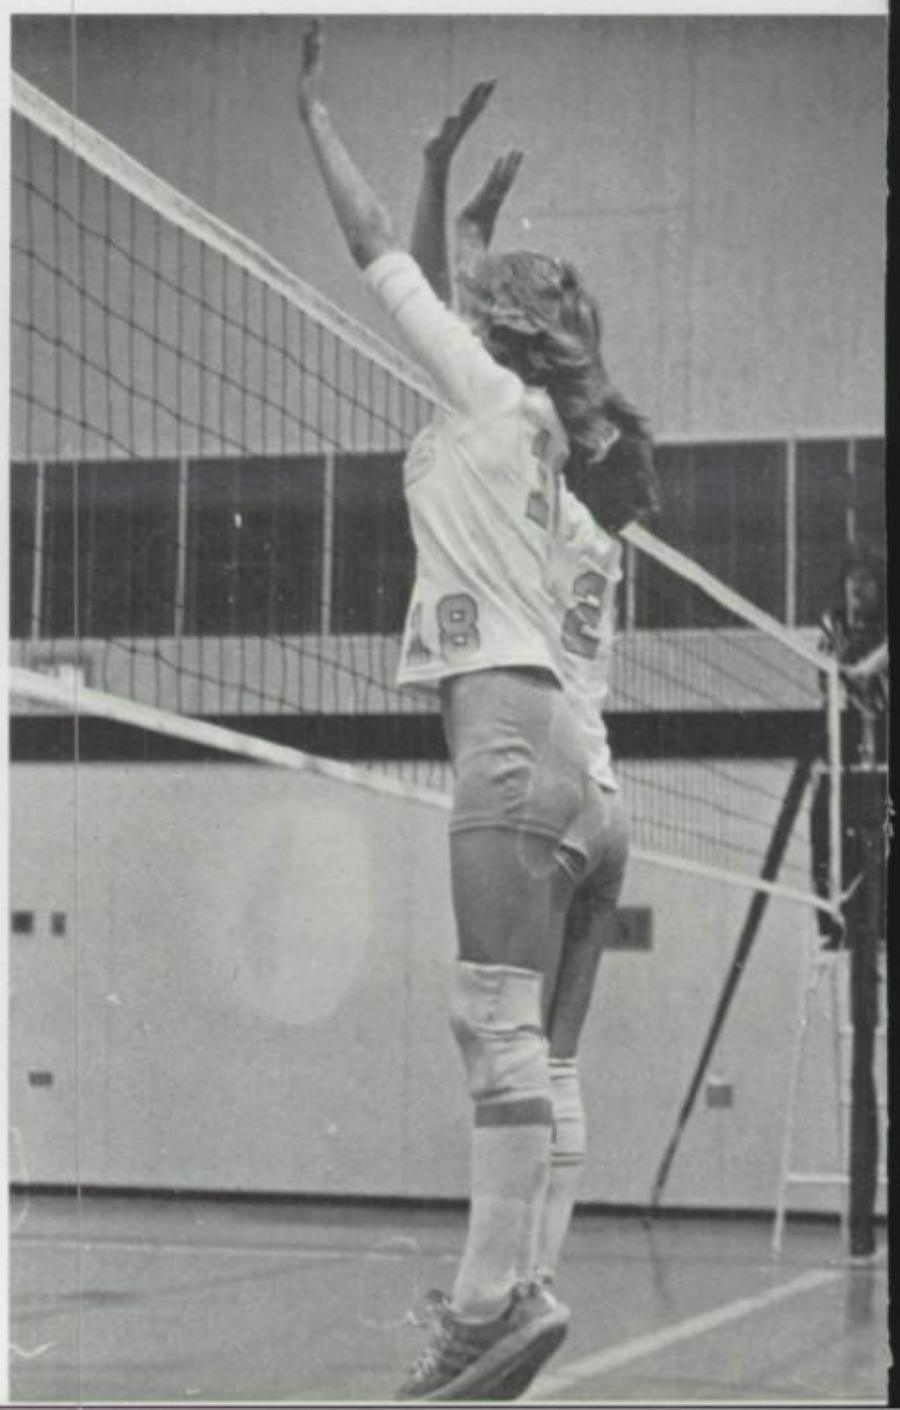
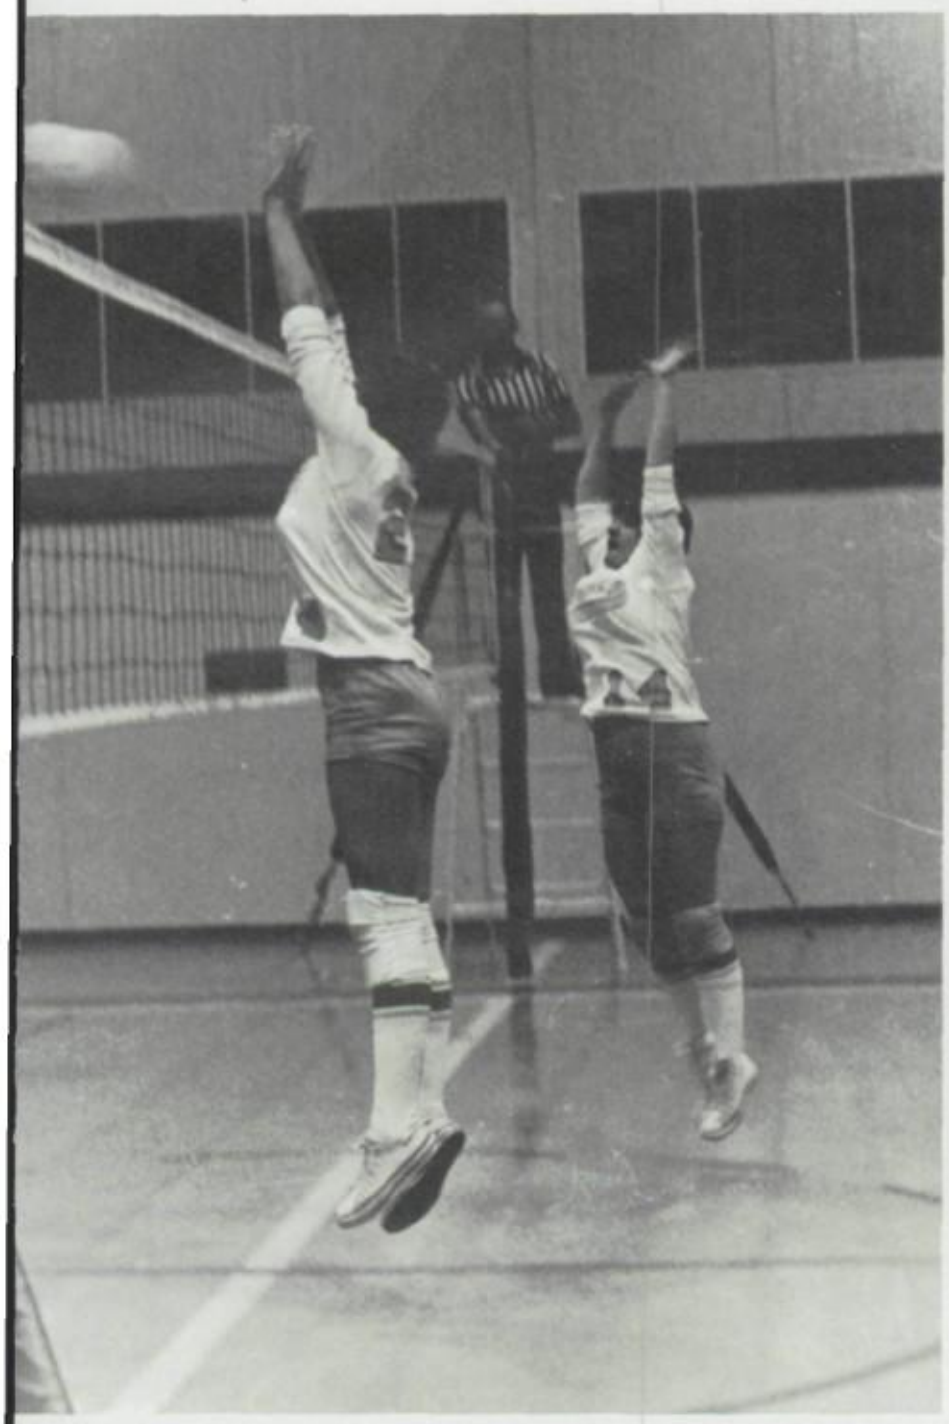
Girls' Varsity Volleyball



Girls' Volleyball is a very competitive sport among the Northern AAA schools. Our girls played a fine brand of volleyball. The team placed 4th in conference action with a record of 4-6. The team was composed of seven seniors who played hard and defensively as well as scoring an abundance of points.







Top Row: Renee Dicus, Shelly Robinson, Coach John Phenix, Lori Crooker, Candy Frazier, Anita Stegeby. *Bottom Row:* Lee Pederson, Leslie Robyler, Diana Thompson, Debbie Helms, Brenda Hitchins.

A new addition to Reed sports is J.V. Volleyball. With this added help we can look forward to a strong varsity team in the future. Although the team had a disappointing year there were many bright spots in individual play.

Junior Varsity Baseball is one of the most popular sports for Freshmen, Sophomores, and Juniors to participate in. Every year there are over one hundred boys out for the team. With so many to choose from, our J.V.'s have to be one of the best in the North. They had a great start winning their first seven games. Keep up the good work!

Track

"For the first time in five years, Reed's track team is made up of pride," says Coach Lemus. The seniors, he feels, have set a solid foundation for the team. Never before has the team been so unitary even though track is an individual sport. The better the individual, the better the team. The foundation set by the seniors will carry us through to many *fine* performances in zone and state.

The road to a great varsity track team is through a good junior varsity team. This has been proven in the past and shall be established again this year. Track is at such a high quality on the varsity level that to make a mark, the junior varsity members must work to achieve their maximum potential.

Girls' Track

This team's strength lies with a nucleus of four dedicated girls who have proven themselves as top caliber performers. Sophomore, Darla Reetz, takes on the responsibility of the intermediate distance events while Jackie Fulton, Jan Washington, and Jane Pickering dominate the sprints. Although the rest of the team is young, they show great promise and should do well at both Zone and State.

Girls' Softball

This year's girls' softball team is made up of many outstanding players. Throughout their season they displayed quality as only a professional team could equal. Although several of the girls will be graduating, Coach Culp looks forward to a promising next year.

Team members are front: Brenda Hitchins, Coach Culp, Leigh Pederson. *Second row:* Missi Vassar, D. J. Thompson, Terri Martin, Kim Garcia, Renee Dicus. *Back row:* Susan Logan, Theresa Sims, Jenny McCurdy, Shelly Robison, Lori Crooker.

Since softball employs such a limited number of players, many promising players wouldn't have played this year if there weren't J.V. teams. The girls now will have more experience to back them up when they become varsity players.

Boys' Golf

Golf differs from other sports in that it is more of an individualized effort than a team effort. It is also a very demanding sport which requires a lot of concentration, coordination, and many hours of practice. RAILROAD ROUNDHOUSE

Completed in 1904 - Stimulated the Early Growth of Sparks

The Governor's Mansion, west side of Mountain street at the corner of Robinson street, was built in 1905. It is a low spreading house with broad verandas and a white-columned portico to give it a touch of proper formality.

Ours is the ONLY HOUSE in the city where the genuine SILVER FOX is to be found, and we have some Sets of this elegant Fur which can not be surpassed elsewhere in this country.

Construction of the State Capitol was begun in 1870 and though it was used by the fifth legislature in 1871 it was not completed until the following year. The shady Capitol grounds, four city blocks wide, was first called The Plaza.

FROM THE GALLEON STAFF

Throughout our lives opportunity abounds, but success is only achieved when these opportunities are grasped. I believe that we, the class of 1979, have taken advantage of many of these opportunities.

The future holds many struggles, but success can be discovered by those individuals who are willing to meet these challenges.

I am sure that all of us can find happiness in the future.

Sheryl:
I don't know you very well, but you seem very sweet & nice. I'll be seeing you next year, when we graduate.

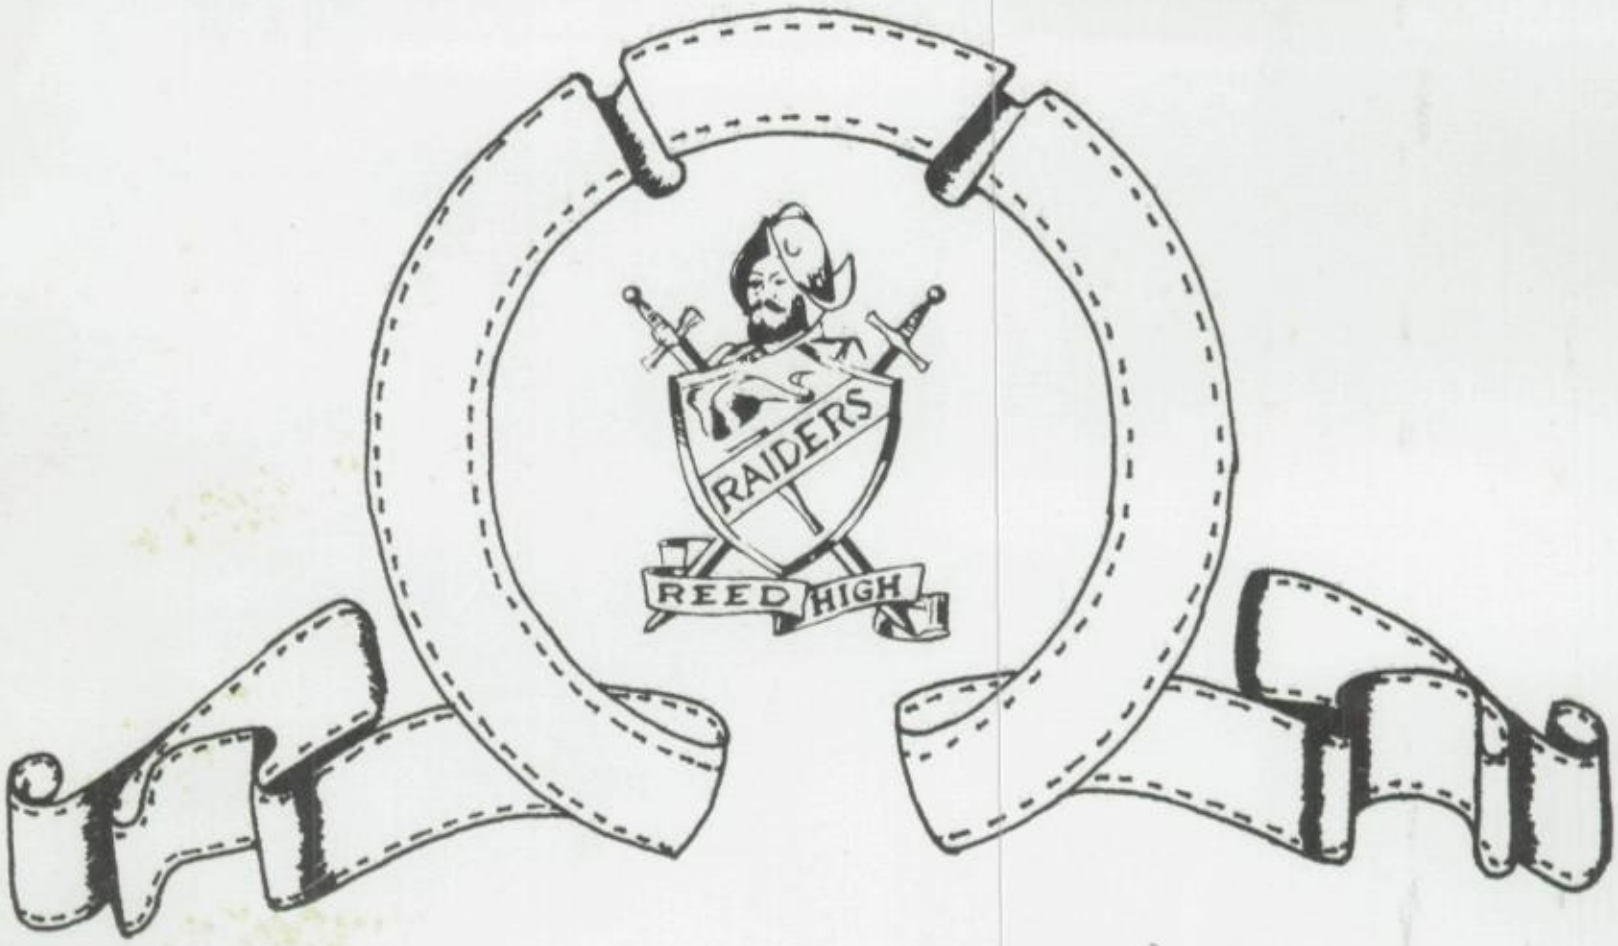
THANK YOU PARENTS



THIS HAS BEEN A REED HIGH PRESENTATION BROUGHT TO YOU BY THE GALLEON STAFF

Sheryl,
you are a very nice
a pretty girl. It's been
really great knowing you,
Hope to see you in the
future,
love
Mike Colaco

Sheryl. Remember
Your my friend. a Junior
Best friend as (Just Kiddin')
Good luck as you'll need it
You'll need it (Just Kiddin')
Hope I see you over the
summer.
Love ya.

reserved

Sheryl,
Hey mama whats
happening, thanks for reserving
this space even if its not for
me. What can I say to a girl that
means more than any other person
in the whole world. you can believe this is
you want just its the truth. I think what happened
between us was the best for both of us in the long
run because of me moving and everything. I
just ask one thing from you and that is
always remember me and please remember
the promise that you made to me. The second
is the most important to you and me both. Who
knows maybe we will be back
together again in a few years we will be back
together again just keeping the sore
peaches and cream. I really hope that you get
everything that you want out of life.
and also that you have a great summer.

Love always
"sweetB"

P.S. you can still wear the shirt that you bought if you want to.

Sheryl
Time sure has gone by fast hasn't it
I hardly got to
see you at all, maybe
next year we'll have a
class together. If we could
tackle Lauren be can get
through any class together!

Sheryl
You're really a
nice girl - you're always
smiling. I'm glad we
met in such a great class.
Stay pretty and don't part
too much this summer.

Sheryl -
Must say that it
has truly been nice
knowing you this year. I can
honestly say that you are one of
the nicest people I've met in school
you really like very much. You
have a very bright future ahead of
you. I'm sure you'll be very happy
and successful in everything you
do. Take care of yourself,
and be good. Love
Jennifer

Sheryl,

From one wild & crazy chick to another, Hi!
You're a great gal, & I'm glad I got to know you! Good luck in everything you do!

Love,
Siobhan
"79"

Sheryl,
I'm especially glad I met such a foxy chick. You the sweetest junior chick I know. I hope if you aint too busy this summer you'll go to the lake with me. You'll get to the in touch and out of trouble. Good luck in the future years.

Love

81 is #1

Sheryl,
I hope you don't remember me as the girl who wore Bret Ball's pants, but as the sweet girl who was in your 3° class. Have a good summer and a good next year.
